Compost at Butler Square

Good News! Butler Square is very excited to announce that we have introduced compost to the building. The program started on October 1st and has been very successful so far. We have put multiple receptacles throughout the atrium of the first and second floor, inside tenant suites (per request), and we have designated compost areas within the tenant lounge and building conference room. We have also begun utilizing the current bins inside the bathrooms to begin compost of paper towels.

What is composting:

Composting is the ability to recycle certain organic materials and produce nutrients to produce a soil conditioner.

What can be composted:

Any café area to go items, food scraps, pizza boxes, plants, shredded newspaper, coffee grounds, used paper, paper towels, etc. We have also placed signs on the receptacles with a list of items that can be composted as well for your reference.

Where does the compost go each week:

Each week, Aspen Waste Management will discard the compost to a compost center in Brooklyn Park, Minnesota.

We are very excited to share and grow this program to the building and hope that when you are in the building you get to take advantage of reducing our carbon footprint.

Organics Recycling

ACCEPTABLE* FOR ORGANICS RECYCLING

All FOOD scraps

- Pizza boxes
- Egg cartons

Non-recyclable PAPER products:

- Napkins, paper towels, tissues
- Uncoated paper plates, cups, food containers, utensils

Hats Off to the Butler Square Staff!

As we all know, 2020 has been an extremely tough year. Our Butler Square staff continues to stay onsite and ensure the building is running efficiently. Our team has learned how to work virtually, keep contact with tenants, attend webinars to teach us how to keep ourselves and our tenants safe, and continue to strive to make Butler Square an extraordinary building to be in! Thank you, team!

REFRESH UPDATE

Day by day, our atrium is continuing to transform as our refresh project comes to its final weeks! So far, the carpet has been replaced on the second floor, the brick on the first floor has been replaced with tile, the BRAND NEW conference room and secure tenant lounge are complete, and the building showers are ready to use!

Enjoy these pictures of our update on the refresh:

Call the management office today to reserve the Conference Room!

SCAFFOLD WORK AT BUTLER SQUARE

ELECTRONICS
RECYCLING

On October 22nd, the Butler Square building will be hosting its annual recycling event. We will be partnering with Recycle Technologies to dispose of electronics. Our Butler Square team will stop by each suite and collect these items on this day. We will make sure to take the proper safety precautions in order to keep everyone safe. Tyhler will send an email closer to the date with further detail.

Some of the items that will be accepted: computers, laptops, printers, keyboards, cellphones, etc. Please limit items from Butler Square office only.
